GALLANTT ISPAT LIMITED
Annual Report 2018-19

My Dear Shareowners

I am very happily presenting our performance for FY 2018-19 and report that the fiscal 2018-19, despite all the challenges, has been an exciting year for Gallantt Ispat and our adherence to our strategy leaves us confident of a better year ahead.

Focussed efforts in expanding the plant capacities and expanding market by looking at the quality products resulted in volume growth to be the highest ever since installation of the manufacturing facilities. We continuously focussing in manufacturing quality products thereby moving forward in our journey of being the most inspirational steel manufacture brand for consumers. FY 2018-19 was an excellent year for Gallantt Ispat and reported the highest ever performance in terms of revenue growth, profitability and strategic growth. Our Company has reported a Revenue from operations at ₹ 1,229.27 Crores grew by 109.46% on year to year basis (standalone) and Profit after tax stood at ₹ 130.22 Crores thereby recorded a growth of 142.87% in Net Profit on year to year basis (standalone). Despite the unforeseen challenges from the external environment we continue to strengthen our internal operations by upgrading technology, streamlining processes and rationalization of human resources.

The Indian economy is likely to grow at around 7% over the next decade. As GDP growth and steel consumption growth have displayed a strong correlation in recent past, steel demand is likely to grow at around 6-7%, which implies that the country would need to produce an additional 7 million tonnes of steel every year with consumption expected to cross the 100 million tonnes milestone in 2019. India's

apparent steel use per capita stood at 70 kg in 2018, which is only one-third of the world average. This indicates that India has a huge potential for steel demand growth. Rapid urbanisation, increasing population, and infrastructure development, Government initiatives such as 'Make in India' will provide impetus to the growth in steel demand. The plan for building smart cities, affordable housing, dedicated freight and high-speed rail corridors is expected to create significant demand for steel in the country. Further, India has set a target of becoming a \$5 trillion economy by 2024, and to bring that target within the realm of reality, the government is likely to spend heavily on developing social as well as economic infrastructure. With leadership position in the Uttar Pradesh, Bihar and Jharkhand and modern integrated production facilities, Gallantt Ispat is well positioned to capitalise on the opportunities and deliver strong growth.

The Company, during its more than a decade existence, has constantly evolved to stay relevant to meet the needs of customers and contribute to nation building. It remains focused on building sustainable value to all our stakeholders while upholding the Gallantt values. At the overall level, I am very happy with the performance we have been able to deliver notwithstanding difficult business conditions. Our Company achieving highest ever growth, is definitely an achievement that every stakeholder of this organisation should be proud of.

Last but not the least, our team is the backbone of our organization, without their experience, expertise and commitment we would not have scaled this height that we have in such a short span. Our journey, our success, is really about our people. Our industry is one that is critically dependent on skilled hands and experience. Our Company is fortunate to have teams of experts, knowledgeable and talented people.

I would like to take this opportunity to thank all our shareowners for their continued support and confidence in the Company and the management.

Thanks

C. P. Agrawal

Explanatory statement pursuant to Regulation 36(5) of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015

Resolution at Item No. 3

In terms of Section 139 of the Companies Act, 2013 ("the Act") and the Companies (Audit and Auditors) Rules, 2014, made thereunder, the term of the present Statutory Auditors of the Company, M/s. Anoop Agarwal & Co., Chartered Accountants (ICAI Firm Registration No. 001739C) will be concluded at the end of 15th Annual General Meeting (AGM). The Company is required to appoint another Auditor for a period of five years to hold office from the conclusion of 15th AGM till the conclusion of 20th AGM to be held in the financial year 2024-25. The Board of Directors of the Company at its meeting held on August 13, 2019, after considering the recommendations of the Audit Committee, has recommended the appointment of M/s. Maroti & Associates, Chartered Accountants (ICAI Firm Registration No. 322770E) as Statutory Auditors of the Company for a term of five years from conclusion of 15th AGM to be held in the financial year 2019-20 to conclusion of 20th AGM of the Company to be held in the financial year 2024-25, for the approval of the Members.

M/s. Maroti & Associates, Chartered Accountants, have consented to the aforesaid appointment and confirmed that their appointment, if made, will be within the limits specified under Section 141(3)(g) of the Companies Act, 2013. They have further confirmed that they are not disqualified to be appointed as the Statutory Auditors in terms of the Companies Act, 2013 and the rules made thereunder. The basis of recommendation for appointment and brief profile and credentials of M/s. Maroti & Associates are mentioned below:

M/s. Maroti & Associates, a firm of Chartered Accountants has over 24 years of experience in the field of Statutory Audit, Risk based approach, Ind AS, Impact study, Conversion and Support, Internal Audit, Management Audit, Risk Management/Advisory, Compliance & Training, Tax Compliance, Tax Audit and other allied services. Due to their long experience and repute the firm has been associated/impaneled with reputed organisation/statutory organisation.

Pursuant to Section 139 of the Companies Act, 2013, approval of the members is required for appointment of the Statutory Auditors and fixing their remuneration by means of an ordinary resolution. Accordingly, approval of the members is sought for appointment of M/s. Maroti & Associates, Chartered Accountants as the Statutory Auditors of the Company for the aforesaid term at a remuneration of Rs. 4.50 Lacs towards the statutory audit for the financial year 2019-20 and remuneration for the financial years 2020-21 to 2023-24 may be revised based on the recommendations made by the Audit Committee and approved by the Board of Directors and such other authority as may be required.

The remuneration payable to the statutory auditors shall be exclusive of applicable taxes and all out of pocket expenses as may be incurred by the statutory auditor in course of their audit.

Pursuant to requirement of Regulation 36(5) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the details of proposed fees of Rs. 4.50 Lacs payable to the statutory auditors for the financial year 2019-20 is mentioned below:

Type	Period	Amount
Statutory Audit of standalone and consolidated financial statements including audit of internal financial controls over financial reporting and limited review of quarterly financial results.	For FY 2019-20	Rs. 4.50 lacs

Further, the change in the fee payable to the new auditors from that paid to the outgoing auditor is largely due to size and standing of the firm of new auditors and the increased scope of work with respect to the limited review of the subsidiaries, if any/associate of the Company whose accounts are consolidated with it as specified in Regulation 33(8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Board recommends the resolutions set forth in item no. 3 for the approval of Members by way of

Ordinary Resolution.

None of the Directors or Key Managerial Personnel of the Company and/ or their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed resolution mentioned at Item No. 3 of the Notice. The Board recommends the resolution set

forth in item No. 3 for the approval of Members by way of ordinary Resolution.

Explanatory statement pursuant to the provisions of Section 102 of the Companies Act, 2013

The following Statement sets out all material facts relating to the Special Business mentioned in the accompanying Notice:

ITEM NO. 4

Reappointment of Mr. Chandra Prakash Agrawal as a Managing Director for a period of five years

The Members of the Company at the Annual General Meeting of the Company held on September 19, 2013 approved the appointment of Mr. Chandra Prakash Agrawal, as the Managing Director of the Company and the terms and conditions of appointment including remuneration payable to him for a period of five years with effect from April 01, 2014 to March 31, 2019. Subsequently, remuneration of Mr. Chandra Prakash Agrawal was revised (increased) and the same was approved by the Shareholders at the Annual General Meeting held on September 26, 2017. The details of remuneration paid to Mr. Chandra Prakash Agrawal during his tenure have been disclosed in the annexure to the Directors' Report and in the Corporate Governance Report of the relevant financial years.

The Board of Directors, considering the scale of operations of the Company and his increased involvement for the overall growth of the Company especially in respect of expansion of production capacity of steel and power division and exploring new markets and deeper penetration of existing markets, at their meeting held on March 30, 2019, subject to approval of Members of the Company, has accorded approval for re-appointment of Mr. Chandra Prakash Agrawal as Managing Director for a term of 5 years with effect from April 01, 2019 to March 31, 2024, not liable to retire by rotation. The same was recommended by the Nomination and Remuneration Committee to the Board for approval. While recommending the said re-appointment, the Nomination and Remuneration Committee also recommended to increase the remuneration of Mr. Chandra Prakash Agrawal. Mr. Chandra Prakash Agrawal is a related party to the Company as per Section 2(76) of the Companies Act, 2013. As per Section 177(4) (iv) of the Companies Act, 2013; Regulation 18(3) and 23(2) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and terms of reference duly approved by the Board of the Company, the Audit Committee has to

accord its approval to any related party transaction and accordingly the necessary approval of the Audit Committee for this agenda was obtained. Pursuant to the provisions of Sections 196, 197 and 203 read with Part I and Section I of Part II of Schedule V, other applicable provisions, if any, of the Companies Act, 2013 and the allied rules made thereunder (including any statutory modification or re-enactment thereof) and applicable clauses of the Articles of Association of the Company, the aforesaid re-appointment and revision in the remuneration of Mr. Chandra Prakash Agrawal, Managing Director requires approval of Members of the Company.

Mr. Chandra Prakash Agrawal is interested in this resolution. Mr. Prem Prakash Agrawal and Mr. Santosh Kumar Agrawal, Directors and Mr. Mayank Agrawal, Chief Executive Officer of the Company are interested in this resolution as they are relatives of Mr. Chandra Prakash Agrawal. None of the other Directors, Whole Time Director, Chief Financial Officer, Company Secretary or their relatives have got any concern or interest whether financial or otherwise, if any, in respect of Resolution proposed at item No. 4. Further, presently the Company has got no Manager.

The resolution along with the explanatory statement above may be treated as a written memorandum under Section 190 of the Companies Act, 2013 and in keeping with the provisions of Section 190(2) of the said Act, the same will be open to inspections by any member of the Company without payment of any fee.

The Agreement entered into with Mr. Chandra Prakash Agrawal in terms of the Special Resolution under item No. 4 of the notice will be made available for inspection at the Registered Office of the Company on any working day, prior to the date of this 15th Annual General Meeting between 11.00 A. M. and 1.00 P. M. and will also be available for inspection from 11.00 A.M. at the place and date of the Meeting. The Board recommends the resolutions set forth in item no. 4 for the approval of Members by way of Special Resolution.

Brief Profile of Mr. Chandra Prakash Agrawal, Managing Director, pursuant to para 1.2.5 of SS-2 ("Secretarial Standard on General Meetings"), Regulation 36(3) of the SEBI Listing (Listing Obligations and Disclosure Requirements) Regulations, 2015 and other applicable provisions, if any, is provided in the table below:

Pursuant to Section 129(3) of the Companies Act, 2013, the Consolidated Financial Statements of the Company prepared in accordance with the Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and Indian Accounting Standard 110 on Consolidated Financial Statements is provided in the Annual Report.

BUSINESS OPERATION AND PERFORMANCE REVIEW

During the year Revenue from Operations stood at ₹ 1,22,927.06 Lacs as compared to ₹ 58,688.23 Lacs during the FY 17-18. This Fiscal has been a growing and remarkable year with respect to our top line and margins. Revenue from operations grew by 109.46% on year to year basis (standalone). Our margins and performance were very satisfactory due to increase in prices of final products of the Company. The Company recorded a growth of 142.87% in Net Profit on year to year basis (standalone) despite a relatively sluggish industry growth primarily on account of increase in sales volumes and improved cost efficiencies. Standalone and Consolidated Net Profit stood at ₹ 13,022.04 Lacs and ₹ 16,378.89 Lacs respectively. Standalone Earnings per Share (EPS) stood at ₹ 4.61 (face value of Re. 1/- each) and Consolidated Earnings per Share (EPS) stood

at ₹ 5.80 (face value of Re. 1/- each) for the Financial Year ended March 31, 2019. There is no change in the nature of the business of the Company. Disclosure of financial statement of Associate Company M/s. Gallantt Metal Limited has been provided in the prescribed format as a part of this Report. There were no significant and material orders passed by regulators or courts or tribunals impacting the going concern status and Company's operations in future. Factory had been working efficiently during the year. Safety measures and processes have been installed and improved upon at the plants and work sites.

There are no material changes or commitments affecting the financial position of the Company which have occurred between the end of the financial year and the date of this Report.

Yours Directors are pleased to report an excellent performance of the Company in terms of both financial and operational performance.

DIVIDEND

During the year, your Directors recommended and paid an Interim Dividend of 5 (Paise Five only) per Equity Share on 2,82,36,0720 Equity Shares of Re. 1/- each i.e. 5% on each Equity Share of the company, total outgo on account of dividend shall be ₹ 1,41,18,036 subject

to tax. Wednesday, November 28, 2018 was fixed as Record Date for the purposes of payment of Interim Dividend declared as above.

Securities and Exchange Board of India ('SEBI'), vide its notification dated 8 July, 2016, has amended the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'), introducing new Regulation 43A mandating the top 500 listed entities, based on market Capitalization calculated as on 31 March of every Financial Year, to formulate a Dividend Distribution Policy and disclose the same in their Annual Reports and on their websites (www.gallantt.com).

Accordingly, the Board of the Company has adopted a Dividend Distribution Policy, which is available on the website of the Company i.e www.gallantt.com under "Investors Corner" and the same is annexed as **ANNEXURE-I**.

DISCLOSURE ON COMPLIANCE WITH SECRETARIAL STANDARDS

Your Directors confirm that the Secretarial Standards issued by the Institute of Company Secretaries of India, have been complied with.

SHARE CAPITAL

The paid up Equity Share Capital as at March 31, 2019 stood at 2,823.61 Lacs. During the year under review, the company has not issued shares with differential voting rights nor has granted any stock options or sweat equity. As on March 31, 2019, none of the Directors of the company hold instruments convertible into equity shares of the Company. The Company has paid Listing Fees for the financial year 2019-20 to each of the Stock Exchanges, where its equity shares are listed. During the year Four Wholly Owned Subsidiaries viz. Antarmukh Steel Manufacturer Private Limited, Bhavika Smelters and Food Products Private Limited, Shrinu Rolls and Milling Private Limited and Satlaj Rolls and Milling Private Limited amalgamated with the Company. Since, entire shareholding of these four Wholly Owned Subsidiaries were held by the Company, no shares were allotted. Hence there was no impact on the total issued and paid up share capital. However, pursuant to the Scheme of Amalgamation as approved by the Central Government (Regional Director- ER) the Authorised Share Capital of these Wholly Owned Subsidiaries clubbed/merged with the Authorised Share Capital of the Company. OUTLOOK AND EXPANSION

The recent trend in macro indicators clearly point towards improving fundamentals of the domestic economy. The Central Government has also shown its intent in furthering the reform momentum to revive investments and improve governance. The global commodity cycle is expected to be benign with consumption demand from the Chinese economy slowing down. Taking cues from the inflationary trend, the Reserve Bank of India has already eased the monetary cycle and is expected to bring out more interest rate cuts going forward. All this favorable factors coupled with some of the important developmental reforms that are being pursued by the Central Government like the tax reform and push for infrastructure spending will set the stage for further pick-up in economic activity in 2019-20. This should augur well for your Company's business across infrastructure.

Expansion Project:

Your company plans to take the performance to the next level by modernization, installing high tech and time saving machinery and supportive systems, improving quality of work by employee training.

The expansion plan by further investment in installation

of new capacities and technology upgradation and modern machinery for increasing the capacity of the existing Units are implemented.

ANNEXURE - I to the Directors Report**DIVIDEND DISTRIBUTION POLICY****1. Statutory Mandate**

The Board of Directors (The 'Board') of Gallantt Ispat Limited ("the Company") has adopted the following Policy for Distribution of Dividend to the Shareholders of the Company.

2. Background

The Steel industry is a capital-intensive industry. Most units of the owned by the Company entails substantial capital outlays.

A large proportion of the financing of the Company is through equity capital. With a low level of borrowing in proportion to equity capital, the outlay on dividend forms a substantial part of the cost of capital. It is the Company's endeavour to maintain and pay dividend keeping market expectations in mind. The dividend paid as a proportion of earnings has been maintained accordingly.

The prevailing Governmental and geopolitical environment directly impacts profit in the steel industry. Infrastructural development, both domestic and foreign, depends on factors that are beyond the control of the Company. In the past, the need to meet the general investor's expectations of return on equity during the years of instability has resulted in a relatively reasonable payout ratio.

3. Policy

This Policy for Distribution of Dividend to Shareholders of the Company is framed in terms of Regulation 43 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as the "Listing Regulations").

4. Dividend

The Board will finalise the dividend to be declared by the Company based on the above stated background while also considering the following:

Dividend will be declared once a year based on the profits as per the Audited Financial Statements for the year. The Board may declare an interim dividend after satisfying themselves about the distributable profit.

Normally, the Dividend will be declared out of the current year's profit of the Company, subject to the following:

- i) Company's need of Capital Expenditures/ Investment;
- ii) Cash Flow position.

Given that profits can be volatile, the Board

will Endeavour to achieve stability, to the extent feasible, in the quantum of Dividend paid to Shareholders. Should the current year's profit be inadequate, the Board may, after considering the Carried Forward Balance in the Profit & Loss Account of the Company, declare dividend or declare dividend out of Reserves, as is permitted under the law.

As such, the Company may declare the Dividend out of:

- i) Current year's profit –
 - a) after providing for depreciation in accordance with Sub-section (2) of Section 123 of the Companies Act, 2013 ("Act") and
 - b) after transfer of such percentage of its profits for that Financial Year to reserves as may be required under the law and as the Board of Directors may deem fit; OR
- ii) Carried Forward Balance in the Profit & Loss Account; OR
- iii) Free Reserve as may be permitted under law; OR
- iv) A combination of (i), (ii) and (iii) above.

5. Factors to be considered for declaration of Dividend

- i) Capital Expenditure /Investment requirement of the Company for:
 - a) New projects;
 - b) Ongoing projects including expansion, renovation or modernisation etc.
 - c) Acquisition of major fixed assets including land and buildings;
 - d) Acquisition of any business entity etc.
- ii) Payment of any major liability;
- iii) Any other requirements for fund conservation;
- iv) Agreement with lending institutions.

6. Revision in the Policy

The Board of Directors will review the policy from time to time or when changes may be required.

7. General

All the words and expressions used in this Policy, unless defined hereinafter, shall have the meaning respectively assigned to them under the Listing Regulations and in the absence of its definition or explanation therein, as per the Companies Act, 2013 and the Rules, Notifications and Circulars made/issued thereunder, as amended from time to time.

ANNEXURE - V to the Directors Report

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Forming part of the Report of the Directors for the year ended 31st March, 2019.

ECONOMY OVERVIEW AND DEVELOPMENT

Growth in global trade volumes is likely to slow down to 2.6 per cent in 2019 compared to 3 per cent in 2018, due to rising trade tensions between major economic powers and increased economic uncertainty. However, emerging market and developing economies (EMDEs) growth remains constrained by subdued investment. Risks are firmly on the downside, in part reflecting the possibility of a further escalation of trade tensions. It is urgent for emerging market and developing economies (EMDEs) to reinforce policy buffers and to implement reforms that boost growth prospects.

World GDP growth is expected to decline from 2.9 per cent in 2018 to 2.6 per cent in both 2019 and 2020. Trade growth in 2018 was weighed down by several factors, including new tariffs and retaliatory measures affecting widely traded goods, weaker global economic growth, volatility in financial markets and tighter monetary conditions in developed countries, among others," the report stated. Trade growth in 2020 is expected to outpace GDP growth due to faster growth in developing economies.

With trade tensions running high, no one should be surprised by this outlook, said WTO Director-General. "Trade cannot play its full role in driving growth when we see such high levels of uncertainty. It is increasingly urgent that we resolve tensions and focus on charting a positive path forward for global trade which responds to the real challenges in today's economy — such as the technological revolution and the imperative of creating jobs and boosting development."

The value of merchandise trade was up 10 per cent to \$19.48 trillion in 2018, partly due to higher energy prices. The value of commercial services trade rose 8 per cent to \$5.80 trillion in 2018, driven by strong import growth in Asia.

The US and China have been engaged in a trade war over the past year, imposing retaliatory duties on imports sourced from each other. Several other countries, too, have become increasingly protectionist, introducing a number of tariff and non-tariff barriers on imports.

A few major geopolitical and economic events are expected to have an impact on the economic performance of countries and companies. As a result, it is important for many global organizations to track these events, as they are key steps in the planning process to get insulated from any kind of uncertainty arising during the year. Some events among those are as follows:

- Trade war among major economies: The uncertain terms of the trade war between China and the US are expected to be resolved as the negotiation period between them comes to an end in March 2019.
- Brexit uncertainty: In the UK, a high level of uncertainty is expected to persist as the Brexit Day (March 29, 2019) draws nearer; the government has failed to strike a deal with the European Union and in an extreme scenario, the country might have a second referendum.
- Elections in major economies: High risk political events such as elections in India, Indonesia, Thailand and Australia are also expected to have substantial effects in their respective countries.
- Policy rate decision of major central banks: On the economic front, decisions of major central banks (Fed and ECB) are set to play a crucial role in global prosperity, as they are expected to continue the tightening of monetary policy. The Fed is expected to hike rates twice in 2019 and the possible market repercussions are major causes for concern in 2019.

Major oil exporting countries, such as Saudi Arabia and Russia, will be top influencers on the global political and economic dynamics in 2019.

Overall, many high-risk events are scheduled to take place in 2019 and thus, shape the economic and political scenario for years to come and need to be carefully observed as a result.

INDIAN ECONOMY

India has emerged as the fastest growing major economy in the world and is expected to be one of the top three economic powers of the world over the next 10-15 years, backed by its strong democracy and partnerships.

India's GDP is expected to grow at 7.3 per cent in the fiscal year 2018-19, and 7.5 per cent in the following two years, India's growth accelerated to an estimated 7.3 per cent in FY 2018-19 (April to March) as economic activity continued to recover with strong domestic demand. While investment continued to strengthen amid the GST harmonisation and a rebound of credit growth, consumption remained the Strong domestic demand is envisioned to widen the current account deficit to 2.6 per cent of GDP next year. Inflation is projected to rise somewhat above the midpoint of the Reserve Bank of India's target range of 2 to 6 per cent,

mainly owing to energy and food prices.

It said in India the recent introduction of the GST and steps toward demonetisation are expected to Refraining from commenting on the economic performance of the NDA Government that too in an election year, growth performance of India as compared to other India's growth performance has been quite impressive. Year after year it has delivered strong numbers around its potential growth.

India's GDP is estimated to have increased 7.2 per cent in 2017-18 and 7 per cent in 2018-19. India has retained its position as the third largest startup base in the world with over 4,750 technology start-ups. India's labour force is expected to touch 160-170 million by 2020, based on rate of population growth, increased labour force participation, and higher education enrolment, among other factors, according to a study. India's foreign exchange reserves were US\$ 405.64 billion in the week up to March 15, 2019.

Recent Developments

With the improvement in the economic scenario, there have been various investments in various sectors of the economy. The M&A activity in India reached record US\$ 129.4 billion in 2018 while private equity (PE) and venture capital (VC) investments reached US\$ 20.5 billion. Some of the important recent developments in Indian economy are as follows:

During 2018-19 (up to February 2019), merchandise exports from India have increased 8.85 per cent year-on-year to US\$ 298.47 billion, while services exports have grown 8.54 per cent year-on-year to US\$ 185.51 billion.

Nikkei India Manufacturing Purchasing Managers' Index (PMI) reached a 14-month high in February 2019 and stood at 54.3.

Net direct tax collection for 2018-19 had crossed Rs 10 trillion (US\$ 144.57 billion) by March 16, 2019, while goods and services tax (GST) collection stood at Rs 10.70 trillion (US\$ 154.69 billion) as of February 2019.

Proceeds through Initial Public Offers (IPO) in India reached US\$ 5.5 billion in 2018 and US\$ 0.9 billion in Q1 2018-19.

India's Foreign Direct Investment (FDI) equity inflows reached US\$ 409.15 billion between April 2000 and December 2018, with maximum contribution from services, computer software and hardware, telecommunications, construction, trading and automobiles.

India's Index of Industrial Production (IIP) rose 4.4 per cent year-on-year in 2018-19 (up to January 2019).

Consumer Price Index (CPI) inflation stood at 2.57 per cent in February 2019.

Net employment generation in the country reached a 17-month high in January 2019.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Global Steel Industry

Global steel demand continues to grow in slowing economic environment. Commenting on the outlook, Mr Al Remeithi, Chairman of the world steel Economics Committee said, "In 2019 and 2020, global steel demand is expected to continue to grow, but growth rates will moderate in tandem with a slowing global economy. Uncertainty over the trade environment and volatility in the financial markets have not yet subsided and could pose downside risks to this forecast."

Global steel demand grew by 2.1%* in CY 2018, largely driven by China, coupled with an investment-led recovery in the advanced economies. Global crude steel production reached 1,808.6 million tonnes (MnT) in CY 2018, up 4.6% from CY 2017 levels, pushing capacity utilisation above 70%. Steel spreads were stronger in the first half of CY 2018, driven by strong economic activity and further supported by on going trade tensions between major economies.

In the second half of CY 2018, moderation in the global economic growth led to softening of steel prices, thereby adversely impacting the spreads.

In 2018, global steel demand increased by 2.1% (after adjusting for China induction furnace closures – see note in October 2018 Short Range Outlook), growing slightly slower than in 2017. In 2019 and 2020 growth is still expected, but in a less favourable economic environment. China's deceleration, a slowing global economy, and uncertainty surrounding trade policies and the political situation in many regions suggest a possible moderation in business confidence and investment.

Steel demand in the developed economies grew by 1.8% in 2018 following a resilient 3.1% growth in 2017. We expect demand to further decelerate to 0.3% in 2019 and 0.7% in 2020, reflecting a deteriorating trade environment.

In 2017-18, steel demand in the US benefitted from the strong growth of the economy driven by government-led fiscal stimulus, leading to high confidence and a robust job market. In 2019, the US growth pattern is expected to slow with the waning effect of fiscal stimulus and a monetary policy normalisation. Therefore, both construction and manufacturing growth is expected to moderate. Investment in oil and gas exploration is expected to decelerate as well, while a boost in infrastructure spending is not expected.

The EU economies also face the deteriorating trade environment and uncertainty over Brexit. We expect slower growth in demand for steel in the major EU

economies (especially in those more export dependent) in 2019. Steel demand growth is expected to improve in 2020, dependent on a reduction in trade tensions.

Japan recorded growth in steel demand in 2018, supported by a favourable investment environment and continued construction activities as well as a boost in consumer spending prior to the consumption tax increase. In 2019 and 2020, steel demand is likely to contract slightly due to a moderation of construction activities and decelerating exports despite the support provided by public projects.

Steel demand in Korea has been contracting since 2017 due to reduced demand from two major steel using sectors, shipbuilding and automotive. Steel demand is expected to continue declining in 2019 due to toughened real estate market measures and a deteriorating export environment. A mild recovery is expected in 2020.

Indian Steel Industry

India's steel demand is increasing every consecutive year and in 2019, it is being forecasted by world steel that it will overtake the United States in steel demand. "The demand will be supported by improving investment and infrastructure programmes. Stressed government finances and corporate debt weighs on the outlook," the body added in its report.

India's crude steel production grew 3.3% to 106.56 MnT in FY 2018-19, making it the world's second largest steel producer, behind China. Steel exports fell 26.4% to 8.54 MnT as global demand weakened due to geopolitical uncertainties and additional tariffs on imports by the US. Finished and semifinished steel imports rose by 4.6% to reach 8.79 MnT. The domestic market saw rising imports from China, Japan and Korea.

National Steel Policy 2017

The new Steel Policy enshrines the long term vision of the Government to give impetus to the steel sector. It seeks to enhance domestic steel consumption and ensure high quality steel production and create a technologically advanced and globally competitive steel industry.

Key features of the NSP 2017:

1. Create self-sufficiency in steel production by providing policy support & guidance to private manufacturers, MSME steel producers, CPSEs
2. Encourage adequate capacity additions,
3. Development of globally competitive steel manufacturing capabilities,
4. Cost-efficient production
5. Domestic availability of iron ore, coking coal & natural gas,

6. Facilitating foreign investment
7. Asset acquisitions of raw materials &
8. Enhancing the domestic steel demand.

The policy projects crude steel capacity of 300 million tonnes (MT), production of 255 MT and a robust finished steel per capita consumption of 158 Kgs by 2030 - 31, as against the current consumption of 61 Kgs. The policy also envisages to domestically meet the entire demand of high grade automotive steel, electrical steel, special steels and alloys for strategic applications and increase domestic availability of washed coking coal so as to reduce import dependence on coking coal from about 85% to around 65% by 2030-31.

Steel Industry

India is currently the world's fourth largest producer of crude steel (knocking to be the third largest by the year end) and is expected to become the second largest producer by 2020. India holds a fair advantage in cost of production and conversion costs in steel and alumina. Its strategic location enables convenient exports to develop as well as the fast-developing Asian markets.

ADVANTAGE IN INDIA

I. Demand Growth:

Power and Cement industries in India will aid the growth in the metals and mining sector. Increase in iron and steel demand will also benefit the sector.

II. Attractive Opportunities:

The Ministry of Steel, government of India aims to more than double the steel production capacity to 300 million tonnes by 2030-31, indicating new opportunities in the sector.

III. Policy Support:

100 % FDI allowed in the mining sector and exploration of metal and non-metal ores under the Automatic Route.

IV. Competitive Advantage:

India benefits from strategic location that enables convenient exports to developed as well as the fast-developing Asian markets. It also has a fair production and conversion cost advantage in steel and alumina.

Rise in infrastructure development and automotive production are driving growth in the sector. Power and cement industries are also aiding growth in the metals and mining sector. Demand for iron and steel is set to continue, given the strong growth expectations for the residential and commercial building industry.

Global steel demand grew by 2.1%* in CY 2018, largely driven by China, coupled with an investment-led recovery in the advanced economies. Global crude steel production reached 1,808.6 million tonnes (MnT) in CY 2018, up 4.6% from CY 2017 levels, pushing

capacity utilisation above 70%. Steel spreads were stronger in the first half of CY 2018, driven by strong economic activity and further supported by ongoing trade tensions between major economies.

In the second half of CY 2018, moderation in the global economic growth led to softening of steel prices, thereby adversely impacting the spreads.

We, at Gallantt Ispat, has the following production data of the Fiscal 2018-19 under the Steel Segment:

Steel Segment products wise	Production (in MT)
Sponge Iron	2,62,747.64
Billets	2,88,283.73
M. S. Bar	2,61,055.10
Missrolled Bar	10,085.83

Agro Industry (Wheat Products)

Agriculture is the primary source of livelihood for about 58 per cent of India's population. Gross Value Added by agriculture, forestry and fishing is estimated at Rs 18.53 trillion (US\$ 271.00 billion) in FY18.

The Indian food industry is poised for huge growth, increasing its contribution to world food trade every year due to its immense potential for value addition, particularly within the food processing industry. The Indian food and grocery market is the world's sixth largest, with retail contributing 70 per cent of the sales. The Indian food processing industry accounts for 32 per cent of the country's total food market, one of the largest industries in India and is ranked fifth in terms of production, consumption, export and expected growth. It contributes around 8.80 and 8.39 per cent of Gross Value Added (GVA) in Manufacturing and Agriculture respectively, 13 per cent of India's exports and six per cent of total industrial investment.

India has the 10th-largest arable land resources in the world. With 20 agri-climatic regions, all 15 major climates in the world exist in India. The country also possesses 46 of the 60 soil types in the world. India is the largest producer of spices, pulses, milk, tea, cashew and jute; and the second largest producer of wheat, rice, fruits and vegetables, sugarcane, cotton and oilseeds. Further, India is second in global production of fruits and vegetables, and is the largest producer of mango and banana. During 2017-18 crop year, food grain production is estimated at record 284.83 million tonnes. In 2018-19, Government of India is targeting food grain production of 285.2 million tonnes. Production of horticulture crops is estimated at 306.82million tonnes (mt) in 2017-18 as per third advance estimates. India is among the 15 leading exporters of agricultural products in the world. Agricultural exports from India reached US\$ 38.21 billion in FY18 and US\$ 34.36 billion during Apr 2018-Feb 2019. Exports of ready to eat items from

India reached US\$ 689.80 million in FY18 and have reached US\$ 545.21 million in FY19 (up to December 2018). The Agriculture Export Policy, 2018 was approved by Government of India in December 2018. The new policy aims to increase India's agricultural exports to US\$ 60 billion by 2022. India was the ninth largest exporter of agricultural products in 2017.

India is expected to achieve the ambitious goal of doubling farm income by 2022. The agriculture sector in India is expected to generate better momentum in the next few years due to increased investments in agricultural infrastructure such as irrigation facilities, warehousing and cold storage. Furthermore, the growing use of genetically modified crops will likely improve the yield for Indian farmers. India is expected to be self-sufficient in pulses in the coming few years due to concerted efforts of scientists to get early-maturing varieties of pulses and the increase in minimum support price.

We, at Gallantt Ispat, has the following production data of the Fiscal 2018-19 under the Agro Segment:

Agro Segment products wise	Production (in MT)
Maida (refined wheat flour)	2,62,747.64
Suji (Semolina)	2,88,283.73
Atta (Flour)	2,61,055.10
Choker (Wheat Bran)	10,085.83

The Company has produced 26,70,65,508 Units of Electricity during the year.

OPPORTUNITIES & THREATS

Opportunities

Steel industry or steel per se has huge demand all over the globe which makes it all the more difficult to fulfil that need. There are many benefits and opportunities for the steel industry. Many countries follow similar protocol which leads to the belief that they can make quite a bit of profit and still trade in order to gain more. Some of the most common opportunities are:

- Trade and Investment
- Bilateral Trade Agreements
- Export Support Mechanisms
- Local Content Levels
- Trade Finance

These are some of the self-explanatory opportunities that you cannot miss out in a steel industry.

The Government's continued focus on infrastructure creation, manufacturing and rural development is expected to lead to an accelerated momentum in the investment cycle and steel demand. The main factors that lead to a significant increase in demand for steel

are new infrastructure developments and the growing needs of the increasing middle class in India specially in Uttar Pradesh, Bihar, Jharkhand and Delhi. The construction, automobile and manufacturing sectors will attract a high demand for steel over the next decade. The construction sector will be the key consumer of steel in the years to come. A competitive and efficient domestic steel industry is a pre-requisite for India to succeed in its industrial vision for 'Make in India'. We are working towards building a sustainable steel business that can withstand all challenges – present and future. Hence, it is important that we continue to be on the lookout for opportunities to invest wisely and build an enviable portfolio of steel assets. As a measure sustainable growth our proposal of expansion of capacity of various plants are under installation and technical team of the Company is working on it. Steel industry is likely to benefit from the new GST rate for steel which is at 18%, with key inputs like coal, iron ore marked at 5%, which is the lowest slab under GST, could help to lower input costs. Together, with a substantial slash in transport costs due to unified and standard tax rate under GST, this is likely to help steel companies keep steel prices stable.

Aimed at protecting the Indian domestic steel firms, the definitive anti-dumping duty imposed on imports of a clutch of hot-rolled and cold-rolled flat products of steel is likely to benefit domestic firms in more ways.

Threats and Risks

The availability of raw material at right price remains a concern for the steel sector and then there is the threat of cheap dumping from China, say experts and industry players. The government, however, is keeping a brave face and its focus areas for the new year include increasing per capita steel consumption, finding new markets for India-made steel and a shift in the industry's attention towards production of special steel.

Market is possible when consumption also increases. Our focus in the new year will be to increase the per capita steel consumption India and steel sector is considered very important for the overall economic health of the country, given its use in a number of key industries like automobile, process plants, capital goods and defence equipments.

Iron ore and coking coal are two key raw materials used in steel manufacturing, while coal is also used in a big way by captive power plants to generate power. According to Indian Captive Power Producers Association (ICPPA), whose members include players from key sectors such as steel and aluminium, most captive power producers are facing severe shortage of the fuel which may lead to closure of plants. "The coal-based steel, power and aluminium plants continue to face supply-related issues due to unavailability of adequate railway rakes.

OUTLOOK

The Indian economy started the fiscal year 2018-19 with a healthy 8.2 percent growth in the first quarter on the back of domestic resilience. Growth eased to 7.3 percent in the subsequent quarter due to rising global volatility, largely from financial volatility, normalized monetary policy in advanced economies, externalities from trade disputes, and investment rerouting. Further, the Indian rupee suffered because of the crude price shock, and conditions exacerbated as recovery in some advanced economies caused faster investment outflows.

The Indian economy is likely to sustain the rebound in FY 2018-19—growth is projected to be in the 7.2 percent to 7.5 percent range and is estimated to remain upward of 7 percent for the year ahead. These projections could be attributed to the sustained rise in consumption and a gradual revival in investments, especially with a greater focus on infrastructure development. The improving macroeconomic fundamentals have further been supported by the implementation of reform measures, which has helped foster an environment to boost investments and ease banking sector concerns. Together, these augur well for a healthy growth path for the economy. India has already surpassed France to become the sixth-largest economy. By 2019, it may become the fifth-largest economy, and possibly the third-largest in 25 years.

Road Ahead

India's gross domestic product (GDP) is expected to reach US\$ 6 trillion by FY 27 and achieve upper-middle income status on the back of digitisation, globalisation, favourable demographics, and reforms.

India's revenue receipts are estimated to touch Rs 28-30 trillion (US\$ 385-412 billion) by 2019, owing to Government of India's measures to strengthen

infrastructure and reforms like demonetisation and Goods and Services Tax (GST).

India is also focusing on renewable sources to generate energy. It is planning to achieve 40 per cent of its energy from non-fossil sources by 2030 which is currently 30 per cent and also have plans to increase its renewable energy capacity to 175 GW by 2022.

India is expected to be the third largest consumer economy as its consumption may triple to US\$ 4 trillion by 2025, owing to shift in consumer behaviour and expenditure pattern, and is estimated to surpass USA to become the second largest economy in terms of purchasing power parity (PPP) by the year 2040.

RISKS AND CONCERNS

There are multiple threats that a company like ours face on a continuous basis. The swings on commodity prices, the volatility of several currencies across the world, the economic conditions of countries where our suppliers and buyers operate from and intercountry trade issues are some of the uncertainties that we face frequently.

The company mitigates these risks by timely managerial intervention and by carefully to put in place robust risk mitigation strategies and incorporate agility in operations to meet temporary headwinds and create opportunities of growth.

New entities posing competition are taking shape on a local level. To overcome this risk, the Company strives to keep its feet grounded on its core values and satisfy customers' need. The Company believes that if it keeps its customers happy, then it can deal with any competition.

Since steel and agro business is a highly competitive market, the Company is prone to risks from price sensitive markets, geographic dependencies and limited customer segments.

The Company tries to counter these risks by forging long term relationships with buyers of products of the Company that again results from meeting end users expectations consistently.

Availability of Raw materials like Iron Ore, Coal etc. at a competitive cost is another area of concern for the Company. High cost of iron ore and coal impacting the EBITDA margin. Availability and cost of required grade of Iron ore are impacted by Global movement and parity of landed cost considering price, freight, tariff and exchange rates and also Domestic demand-supply gap, constraints and vendor actions. All these concern as well as Government policies and their impact on raw materials availability are being tracked regularly.

Exchange rate fluctuation is also an area of concern. Foreign currency – rupee depreciation against USD from Rs. 65 to Rs.74 during the year. Such volatility

may increase the cost of the imported raw material and increase the dollar denominated borrowings.

Apart from the above, risk of high borrowing cost impacting the profitability, availability of infrastructure and logistics like various factors can affect movement of enhanced quantity of inbound raw material and outbound goods, Port congestion, unloading / loading infrastructure, rail connectivity and channel blockage.

A safe and healthy working environment for all employees is the number one priority for every world steel member. Our policy is to help all our members reach our goal of an accident-free workplace.

Historically, steelmaking was a dangerous process and accidents were inevitable. Today, many steel companies recognise that this is no longer appropriate for a modern and technically advanced industry.

There is no area, process or type of work that cannot be accident-free. Safety and health requires a permanent 100% commitment from everyone. Most importantly, it requires a strong commitment from top management and all levels of management, which should set the culture in which safety and health is the number one priority and must not be compromised for any other objective.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The company has an adequate internal audit system that promotes reliable financial reporting, safeguards assets, encourages adherence to fair management and ethical conduct. The internal control systems have been designed in a way that they not only prevent fraud and misuse of company's resources but also protect shareholder's interest. The Audit committee of Board of Directors on regular intervals and in coordination with internal and statutory Auditors reviews the adequacy of internal control systems within the company.

The Company's Internal Financial Control framework is commensurate with the size and the nature of its operations. These have been designed to provide reasonable assurance about recording and providing reliable financial and operational information, complying with applicable statutes, safeguarding assets from unauthorized use, executing transactions with proper authorization and ensuring compliance of Corporate Policies.

The Company has laid down procedures and policies to guide the operations of the business. The Company has a well-defined delegation of power with authority limits to approve revenue as well as expenditure. Unit/functional heads are responsible to ensure compliance with the policies and procedures laid down by the management.

The Company has a proper and adequate system of

internal control.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The Revenue from Operations for the current year is Rs. 1,22,927.06 Lacs as compared to Rs. 58,688.23 Lacs in the previous year. The Profit before Tax for the year under review is Rs. 16,631.38 Lacs as against Rs. 6,681.97 Lacs in the previous year. Profit after Tax during FY 2018-19 stood at Rs. 13,022.04 Lacs as against Rs. 5,361.80 Lacs in the previous year.

Comparative chart of Segment wise Revenue and Profits are as under:

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

The manpower strength of the Company as on 31st March 2019 was 1006 permanent employees including Executive Directors, Chief Executive Officer, Chief Financial Officer, Company Secretary and other management staff across different locations. The Company continued to build capabilities for the workforce by adopting specific and targeted interventions for different categories of the workforce.

The Company adopted various governmental skill developmental programs to build and enhance capabilities and leading to enhanced motivation levels of the human resources. Good industrial relations reduce the industrial disputes. Disputes are reflections of the failure of basic human urges or motivations to secure adequate satisfaction or expression which are fully cured by good industrial relations. Good industrial relations improve the morale of the employees. Employees work with great zeal with the feeling in mind that the interest of employer and employees is one and the same, i.e. to increase production. Every

worker feels that he is a co-owner of the gains of industry. The employer in his turn must realize that the gains of industry are not for him alone but they should be shared equally and generously with his workers.

Good industrial relations are maintained on the basis of cooperation and recognition of each other. It will help increase production. Wastage of man, material and machines are reduced to the minimum and thus national interest is protected.

The Company maintained harmonious industrial relations in all units of the Company during the financial year 2018-19.

SIGNIFICANT CHANGES IN FINANCIAL RATIOS

During the year, the significant changes in the financial ratios, compared to the previous year which are more than 25% as compared to the previous year, are summarised below:

ANNEXURE - VI to the Directors Report**Corporate Social Responsibility Policy****[PURSUANT TO SECTION 135 OF THE COMPANIES ACT, 2013]****CONCEPT & CONTEXT**

The purpose of this policy is to ensure Gallantt Ispat Limited ("GIL" or the "Company"), affiliates and associated companies; consistently operate in a manner that minimises detrimental impacts to society and the environment. Corporate Social Responsibility (CSR) has always been on the agenda of the Company. Pursuant to Section 135 of the Companies Act, 2013, and Companies (Corporate Social Responsibility Policy) Rules, 2014 every Company having Net Worth of Rs. 500 Crores or more or Turnover of Rs. 1,000 Crore or more or Net Profit of Rs. 5 Crore or more shall constitute Corporate Social Responsibility Committee ('CSR Committee') and CSR Committee shall formulate and recommend Policy.

The CSR Committee so constituted formulated Policy on Corporate Social Responsibility (CSR Policy) and recommended the same to the Board of Directors of the Company ('Board') for its approval. The Board of Directors (the "Board") of Gallantt Ispat Limited acting upon the recommendation of its Directors and CSR Committee, has adopted the following policy and procedures with regard to the Company's Social Responsibility.

CORPORATE SOCIAL RESPONSIBILITY PHILOSOPHY

GIL's continual aspirations to achieve and surpass the highest standards of conduct and corporate social responsibility are essential components of how we measure our success. GIL strives to be a socially responsible company and strongly believes in development which is beneficial for the society at large. This policy clearly sets forth GIL's social responsibility objectives and provides guidance on the social responsibilities of all individuals associated with the GIL. GIL's primary responsibility is to ensure the long-term success of the Gallantt Group through the adoption and management of good corporate social behaviour.

OBJECTIVES OF THE POLICY

The objective of this Policy is to set guiding principles for carrying out CSR activities by the Company and also to set up process of execution, implementation and monitoring of the CSR activities to be undertaken by the Company. The Policy shall be read in line with Section 135 of the Companies Act, 2013, Companies (Corporate Social Responsibility Policy) Rules, 2014 and such other rules, regulations, circulars and notifications (collectively referred hereinafter as 'Regulations') as may be applicable and as amended from time to time and will, inter-alia provide the following:

- Establishing a guideline for compliance with the

provisions of Regulations to dedicate a percentage of Company's profits for social projects.

- Ensuring the implementation of CSR initiatives in letter and spirit through appropriate procedures and reporting.
- Creating opportunities for employees to participate in socially responsible initiatives.

DEFINITIONS

Act means the Companies Act, 2013;

Corporate Social Responsibility means Corporate Social Responsibility (CSR) as defined in Section 135 of the Companies Act, 2013 and Companies Corporate Social Responsibility Policy) Rules, 2014;

Ministry means the Ministry of Corporate Affairs;

Net Profit means net profit as defined in Section 135 of the Companies Act, 2013 and Companies Corporate Social Responsibility Policy) Rules, 2014 as set out below:

Net Profit as per its financial statement prepared in accordance with the applicable provisions of the Act, but shall not include the following, namely :-

- any profit arising from any overseas branch or branches of the company, whether operated as a separate company or otherwise; and
- any dividend received from other companies in India, which are covered under and complying with the provisions of section 135 of the Act:

Words and expressions used in this CSR Policy and not defined herein but defined in the Act shall have the meaning respectively assigned to them in the Act.

LIST OF CSR PROJECTS/PROGRAMS/ACTIVITIES

The policy recognizes that corporate social responsibility is not merely compliance; it is a commitment to support initiatives that measurably improve the lives of underprivileged by one or more of the following focus areas as notified under Section 135 of the Companies Act, 2013 and Companies (Corporate Social Responsibility Policy) Rules, 2014:

The activities involve the following:

- Eradicating hunger, poverty and malnutrition, promoting preventive health care and sanitation and making available safe drinking water;
- Promoting education, including special education and employment enhancing vocation skills especially among children, women, elderly, and the differently abled and livelihood enhancement projects;
- Promoting gender equality, empowering women, setting up homes and hostels for women and orphans; setting up old age homes, day care centres and such other facilities for senior citizens

and measures for reducing inequalities faced by socially and economically backward groups;

- Ensuring environmental sustainability, ecological balance, protection of flora and fauna, animal welfare, agro forestry, conservation of natural resources and maintaining quality of soil, air and water;
- Protection of national heritage, art and culture including restoration of buildings and sites of historical importance and works of art, setting up public libraries, promotion and development of traditional arts and handicrafts;
- Measures for the benefit of armed forces veterans, war widows and their dependents;

- Rural development projects.
- Any other activities in relation of the above and all other activities which forms part of CSR as per Schedule VII of the Act as amended from time to time.

AREA OF ACTIVITY

The Act provides that the Company shall give preference to the local area and areas around it where it operates, for spending the amount earmarked for CSR. The Company will thus give preference to conducting CSR activities in the State of Uttar Pradesh, Bihar, West Bengal and such other state(s) in India wherein the Company has/will have its operations. However, the Committee may identify such areas other than stated above, as it may deem fit, and recommend it to the Board for undertaking CSR activities.

FUNDING AND QUANTUM OF AMOUNT FOR CSR

The Company would spend not less than 2% of the average Net Profits of the Company made during the three immediately preceding financial years. The surplus arising out of the CSR activity will not be part of business profits of the Company. The corpus would thus include 2% of average net profits, as aforesaid, any income arising therefrom and surplus arising out of CSR activities.

The Company may build CSR capacities of its personnel and/or those of its implementing agencies through

Institutions with established track records of at least three financial years but such expenditure shall not exceed five percent of total CSR expenditure of the Company in one financial year.

However, if the Company ceases to be covered under sub-section (1) of Section 135 of the Act for three financial years, then it shall not be required to, comply with the provisions laid down under sub-section (2) to (5) of the said section, till such time it meets the criteria specified in sub-section (1) of the Act.

THE PROCESS TO MONITOR SUCH PROJECTS OR PROGRAMS

The CSR Committee of the Board of Directors of the Company shall approve to the Board of Directors the projects and activities to be undertaken by the Company out of the activities stated hereinabove as per Schedule VII of the Companies Act, 2013.

The CSR Committee shall recommend from time to time the amount of expenditure to be incurred on the activities referred to hereinabove and to monitor the Corporate Social Responsibility Policy of the company from time to time.

The CSR Committee, shall prepare a transparent monitoring mechanism for ensuring implementation of the projects / programmes / activities to be undertaken by the Company. The CSR Committee shall have the authority to obtain professional advice from external sources and have full access to information contained in the records of the Company as well as the powers to call any employee / external consultant or such other person(s) and for such purpose as may be deemed expedient for the purpose of accomplishments of overall CSR objectives laid down under the Act.

Appropriate documentation and amendments of the CSR Policy, annual CSR activities, reports on execution by CSR Partner(s) and expenditures will be undertaken on a regular basis and the same will be available to the Board of Directors of the Company.

Initiatives undertaken on the CSR front will be reported in the Annual Report of the Company.

The CSR Committee and persons / entities authorised by it will conduct the due diligence checks on the current projects/partners on a quarterly basis and report anomalies, if any, immediately.

THE PROCEDURES

1. As per the Regulations the Company will set aside, for annual CSR activities, an amount equal to 2% of the average Net Profits of the Company made during the three immediately preceding financial years. Any unutilised CSR allocation of a particular year will be carried forward to the following year, i.e. the CSR budget will be non-lapsable in nature.

Provided that all reasonable efforts will be made to ensure that the annual CSR allocation is fully utilized in the respective year. However, if the Company fails to spend such amount, the Board of Directors shall, in its report under clause (o) of sub-section (3) of section 134 of the Act, shall specify the reasons for not spending the amount.

2. Annexure VIII contains the details of the proposed expenditure for respective Financial Year, towards CSR activities. The same shall be amended annually according to the Financial Year after the review by the Committee or at such time, as the Committee may deem fit.
3. Tax treatment of CSR spend will be in accordance with the Income Tax Act, 1961 as may be notified by Central Board of Direct Taxes (CBDT).

PLANNING AND IMPLEMENTATION

- For the purpose of focusing its efforts in a continued and effective way, Education and Literacy Enhancement is identified as a main thrust area, besides other activities permitted under the Regulations.
- A list of CSR projects / programmes which the Company plans to undertake during the implementation year will be laid down before the Committee at the beginning of each year, specifying modalities of execution in the areas/sectors chosen and implementation schedules for the same.
- Identification of projects and the executing agency/ NGO will be made, inter alia, by assessing the following:
 1. Project Objectives
 2. Baseline Survey – As-is and To-be state basis, accordingly the outcome of the project will be measured.
 3. Implementation Schedules – Timelines for milestones of the project will need to be prescribed and agreed upon.
 4. Responsibilities and authorities.
 5. Major results expected and measurable outcome including the expenses/charges ratio as against the actual CSR spend.
- If the Company decides to set up a Trust or Section 8 Company, or Society or Foundation or any other form of entity operating within India to facilitate implementation of its CSR activities in accordance with its stated CSR Policy, the following shall apply:
 - a. The Company would need to specify the projects/programmes to be undertaken by such an organization, for utilizing funds provided to it;

- b. The Company shall establish a monitoring mechanism to ensure that the allocation is spent for the intended purpose only.

- The Company may also conduct/implement its CSR programmes through Trusts, Societies, or Section 8 Companies operating in India, which are not set up by the Company itself, herein collectively referred to as 'CSR Partner(s)'.
- Such spends may be included as part of its prescribed CSR spend only if such organizations have an established track record of at least three years in carrying on activities in related areas.
- Company may collaborate or pool resources with other companies to undertake CSR activities within India. Only activities which are not for the benefit of employees of the company or their family members shall be considered as CSR activity.
- CSR Committee in consultation with the Board of Directors of the Company will identify suitable projects for implementation in line with the objectives of the Company and requirements laid down under the Regulations. These projects would be executed either directly by the Company and / or through CSR Partner(s).
- While identifying projects, CSR Committee will assess CSR Partner(s) organizations who would execute the projects at the grass root level. At a minimum they need to meet the following criteria:
 - i. The CSR Partner(s) has a permanent office/ address in India;
 - ii. The CSR Partner(s) is a Trusts, Societies, or Section 8 Company having an established track record of three years in undertaking similar CSR programmes or projects in pursuance with the relevant regulations;
 - iii. Possesses a valid income-tax Exemption Certificate
 - iv. The antecedents of the CSR Partner are verifiable
 - v. Have requisite framework to report progress/ status of the projects on a quarterly basis on agreed parameters.
 - vi. Maintain a required level of auditable records on the CSR initiatives conducted in conjunction with GIL as agreed mutually.

REVIEW AND REPORTING

The CSR Committee will review the philanthropic activities of the Company and will provide progress

update to the Board of Directors every six months / such other intervals as deemed fit.

The Company will report in the prescribed format, the details of CSR initiatives and activities of the Company in the Directors' Report and on the website of the Company, as required under the Regulations. Such reporting will be done, pertaining to financial year(s) commencing on or after the 1st day of April, 2014.

AMENDMENTS TO THE POLICY

The Board of Directors on its own and / or as per the recommendations of CSR Committee can amend this policy, as and when required as deemed fit. Any or all provisions of the CSR Policy would be subject to revision/ amendment in accordance with the Regulations on the subject as may be issued from relevant statutory authorities, from time to time.

- iv) Applicable provisions of Foreign Exchange

Management Act, 1999 and the Rules and Regulations made thereunder.

- v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI ACT'):-:
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosures Requirements) Regulations, 2009; – Not Applicable as the Company did not issue any security during the financial year under review.
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999/Securities and Exchange Board of India (Share Based Employee Benefits) Regulations 2014; - Not Applicable as the Company does not have Employee Stock Option Scheme for its employees;
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; – Not applicable as the Company has not issued any debt securities during the financial year under review;
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client to the extent of securities issued.
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; – Not applicable as the Company has not delisted its equity shares from any stock

exchange during the financial year under review; and

- h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; - Not Applicable as the Company has not done any buyback of its securities during the financial year under review.

vi) Other Laws specifically applicable to the Company as under:

1. The Air (Prevention and Control of Pollution) Act, 1981
2. The Water (Prevention and Control of Pollution) Act, 1974
3. The Environment (Protection) Act, 1986
4. The Factories Act, 1948
5. The Employees' Provident Funds and Miscellaneous Provisions Act, 1952
6. Employees' State Insurance Act, 1948
7. Equal Remuneration Act, 1976
8. The Minimum Wages Act, 1948
9. The Payment of Wages Act, 1936
10. The Payment of Bonus Act, 1965
11. The Legal Metrology Act, 2009
12. The Maternity Benefit Act, 1961 and
13. The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

We further report that with respect to the compliance of the below mentioned laws, we have relied on the compliance system prevailing in the Company and on the basis of representation received from its concerned department:

- (a) Mines and Minerals (Development Regulation) Act, 1957 and other Acts/Rules as applicable to Mining activities;
- (b) The Electricity Act, 2003 and rules issued thereunder;
- (c) National Tariff Policy;
- (d) Indian Boilers Act. 1923 and rules issued thereunder;
- (e) Explosives Act, 1884 and rules issued thereunder;
- (f) Manufacture, Storage and Import of Hazardous Chemical Rules, 1989;
- (g) Applicable Labour laws and rules issued thereunder;

- (h) Applicable Environment laws and rules issued thereunder;

- (i) Applicable direct & indirect tax laws and rules issued thereunder;

- (j) Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India;
- (ii) The Listing Agreements entered into by the Company with Bombay Stock Exchange Limited and National Stock Exchange of India Limited pursuant to the The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards etc. mentioned above.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

There were no dissenting views on any decisions of the Board, as recorded in the Minutes of Board meetings.

We further report that based on review of compliance mechanism established by the Company and on the basis of the Compliance Certificate(s) issued by the Company Secretary and taken on record by the Board of Directors at their meeting(s), we are of the opinion that the management has adequate systems and processes commensurate with its size and operations, to monitor and ensure compliance with all applicable laws, rules, regulations and guidelines; and

As informed, the Company has responded to notices for demands, claims, penalties etc. levied by various statutory / regulatory authorities and initiated actions for corrective measures, wherever necessary.

There are no other specific events/actions in pursuance of the above referred laws, rules, regulations guidelines etc., having a major bearing on the Company's Affairs.

We further report that during the audit period there were no instances of:

- i. Public/Right/Preferential issue of shares / debentures/sweat equity;
- ii. Redemption / buy-back of securities;
- iii. Foreign technical collaborations.

We further report that during the audit period:

- i. During the year Company has acquired Four Wholly Owned Subsidiaries viz. M/s. Antarmukh Steel Manufacturer Private Limited, M/s. Bhavika Smelters and Food Products Private Limited, M/s. Shrinu Rolls and Milling Private Limited and M/s. Satlaj Rolls and Milling Private Limited. Vide its Order dated October 31, 2018, Central Government (Regional Director-ER) has approved the Scheme of Amalgamation of M/s. Antarmukh Steel Manufacturer Private Limited, M/s. Bhavika Smelters and Food Products Private Limited, M/s. Shrinu Rolls and Milling Private Limited and M/s. Satlaj Rolls and Milling Private Limited (all being Wholly Owned Subsidiaries of the Company) with the Company. Since, entire shareholding of these four Wholly Owned Subsidiaries was held by the Company, no shares were allotted. Hence there was no impact on the total issued and paid up share capital. However, pursuant to the Scheme of Amalgamation as approved by the Central Government (Regional Director-ER) the Authorised Share Capital of these Wholly Owned Subsidiaries clubbed/merged with the Authorised Share Capital of the Company. Hence, post Merger the Authorised Share Capital of the Company stood at Rs. 49,88,50,000/-
- ii. Board of Directors of the Company has vide its resolution dated November 14, 2018 proposed the shifting of the Registered Office of the

Company from Kolkata to New Delhi (from the jurisdiction of Registrar of Companies, West Bengal to the jurisdiction of Registrar of Companies, Delhi and Haryana). The proposal of the Board of Directors as above has been approved by the Shareholders at their Extra-ordinary General Meeting held on Friday, 4th January, 2019.

The Regional Director (ER), Ministry of Corporate Affairs vide its order dated April 11, 2019 approved shifting of Registered Office from the state of West Bengal to the National Capital Territory of Delhi. The Company has filed E-Form INC-22 with the Registrar of Companies, West Bengal, intimating the shifting of the Registered Office of the Company from 1, Crooked Lane, Second Floor, Room Nos. 222 & 223, Kolkata – 700 069 (from the jurisdiction of Registrar of Companies, West Bengal) to "GALLANTT HOUSE", I-7, Jangpura Extension, New Delhi – 110014 (to the jurisdiction of Registrar of Companies, Delhi and Haryana).

SECTION E: PRINCIPLE-WISE PERFORMANCE**PRINCIPLE 1****ETHICS, TRANSPARENCY AND ACCOUNTABILITY**

Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/ No. Does it extend to the Group/Joint Ventures/ Suppliers/Contractors/NGOs /Others?

Ethics, transparency and accountability are the three basic pillars on which the compliance eco-system of your Company is built. The compliance management system has been designed in such a way that it not only helps adhere to the regulatory requirements but also develops a culture of self-regulation and accountability at the grass root level within the organization. In the present times when governance is looked upon as a critical aspect of sustainability, we believe, our compliance management systems play a significant role in ensuring good corporate governance. All internal stakeholders of the Gallantt Ispat Limited are subjected to work within boundaries of the Code of Conduct.

1. Under this principle, the Company has the following Policies:

- a. **Whistle Blower Policy** – to provide an avenue for directors and employees to inform about any wrongdoing in the company and reassurance that they will be protected from reprisals or victimization for whistle blowing.
- b. **Policy for Determining Materiality of Events and Information** - The objective of this Policy is: (a) to ensure disclosure of any event or information which, pursuant to SEBI regulations is material, (b) to determine whether an event or information is material or not, and (c) to ensure timely, accurate, uniform and transparent disclosure.
- c. **Code of Conduct for Directors & Senior Management** – to ensure, inter-alia, protection of confidential information, preventing conflict of interest, ensuring that anti-bribery and corruption laws are complied with, and ensure compliance with all the applicable laws, regulations and Company's policies.
- d. **Company's Code of Conduct on (prevention of) Insider Trading** – to prevent insider trading and protect of price sensitive information.
- e. Policy on prevention of sexual harassment.

These policies cover the Company, subsidiaries.

How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

- The Company has in place different mechanisms for receiving and dealing with complaints from different stakeholders viz. shareholders, customers, employees, vendors etc. There are dedicated resources to respond to the complaints within a time bound manner. During the year, your Company received 1 (one) complaint from shareholders which has been resolved.

PRINCIPLE 2**PRODUCT LIFE CYCLE SUSTAINABILITY**

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities

Our operations have carried out significant test work on the physical and chemical characteristics of their products to ensure their properties and potential impacts. Further, the Company ensures that all processes, plant, equipment, machinery and material provided at plant are safe to the people as well as environment. Your Company has been constantly improving its operational efficiencies for reducing the consumption of resources without compromising on the quality and quantity of its production. Your Company take initiatives to improve awareness about legal compliances, enhance ecofriendly efficiencies, packaging / logistics improvements at the suppliers end. Supplier and transporter meets are held on a periodical basis where your Company engages and encourages them to undertake sustainable practices across supply chain.

We are conscious that extraction of natural resources gives rise to negative environmental impacts, from gas and particulate emissions and hazardous waste; to water extraction and landscape modification. To this end, we manage our footprint to the most stringent global standards throughout the project life cycle.

ANNEXURE - X to the Directors Report

Our three major products are Sponge Iron, Re-Rolled Products and Agro Products. We make all efforts to ensure that we produce, in a safe and environmentally responsible manner. Over the years, we have constantly improved our recoveries, reduced hazardous waste generation, improved water and energy consumption and reduced our tailings to optimally use available natural resources.

2. Does the company have procedures in place for sustainable sourcing (including transportation)?

- (a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

Our product movements to consumers take place through rail and roadways. The environmental impacts like dust emission during transportation of coal, iron ore, lime etc., final products and road dust etc. have been identified. All safety and environmental protocols are followed and proper training is provided for handling. At material handling areas for coal and iron ore, new technologies are installed with proper water sprinklers. Ore transport from the railways to the factory point is carried out through trucks with properly covered to ensure no spillage and dust generation.

The Company has adopted Green Logistics Process in the entire supply chain using re-useable trolleys, bins and pallets thereby significantly eliminating use of packaging materials.

3. Has the company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work?

- (a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company sources its major inputs like Iron Ore and Coal from large national and international manufacturers/sellers. For Agro Division we procure inputs (Wheat etc.) from local market. Going forward, we will make further efforts to increase local sourcing. Our direct & indirect employment as also our CSR activities are largely focused on the communities surrounding our operations.

4. Does the company have a mechanism to recycle products and waste? If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

Our primary activities are in the producing of steel and agro products as well as power generation using well-established processes and technologies. Our focus on best available technology helps us to produce these products using efficient energy consumption and maximum product output.

Our main priority is to reduce both the quantity and toxicity of our waste, followed by recovery, reuse and recycling. Waste heat of Sponge Iron plant is recycled to generate power. Waste of steel plants and residual files are sold and disposed in land filling. Furnace slag are sold to buyers, they use these in road construction, land leveling and in the abrasive and cement industries. Fly ash from our power plants was sent to nearby cement and brick manufacturing units together with land leveling. Wastage of Agro Products (Wheat) are sold to be used in feeding animals.

Independent Auditor's Report on Standalone Financial Statements

TO THE MEMBERS OF

GALLANTT ISPAT LIMITED

Report on the audit of standalone Ind AS financial statements

Opinion

We have audited the accompanying standalone IND AS financial statements of **GALLANTT ISPAT LIMITED** ('The Company'), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone Ind AS financial statements"), which we have signed under reference to this report.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended March 31, 2019. These matters were addressed in the context of our audit of the financial statements

as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and those charged with governance for the Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements,

Independent Auditor's Report on Standalone Financial Statements

management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditors Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern.

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone IND AS financial statements comply with

Independent Auditor's Report on Standalone Financial Statements

the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

- e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be

included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note no- 40 to the Financial Statements.
 - ii) The Company has made provision, as required under the applicable law or Indian accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure B, a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

BOARD AND MANAGEMENT REPORTS

STANDALONE FINANCIAL REPORTS

CONSOLIDATED FINANCIAL REPORTS

Annexure A to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **GALLANTT ISPAT LIMITED** ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone IND AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and

their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that :

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are

Annexure A to the Independent Auditor's Report

subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company

considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to the Independent Auditor's Report

The Annexure referred to in our Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended March 31, 2019, we report that:

1. (a) The company has maintained proper records showing full particulars including quantitative details and situation of its fixed assets.
- (b) As explained to us, all the fixed assets have been physically verified by the management in a phased periodical manner, which in our opinion is reasonable, having regard to the size of the Company and nature of its assets. According to the information and explanations given to us, no material discrepancies were noticed on such physical verification.
- (c) According to the information and explanation given to us, the title deeds of immovable properties of the Company are held in the name of the Company.
2. The inventories have been physically verified during the year by the management and in our opinion, the frequency of verification is reasonable.
As explained to us, no material discrepancies were noticed on physical verification of inventories as compared to the book records.
3. The Company has not granted any loans, secured or unsecured to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013. Notes to the Financial Statements as at and for the year ended 31st March, 2019

Note -01 Corporate information

Gallantt Ispat Limited ('the Company' / 'GIL'), incorporated in the year 2005, is engaged in the business of Iron & Steel, Agro, Power and Real Estate. The Company was promoted by M/s. Gallantt Metal Limited, Mr. Chandra Prakash Agrawal, Mr. Prem Prakash Agrawal, Mr. Nitin Mahavir Prasad Kandoi and M/s. Chandra Prakash Agrawal & Sons (HUF). Company floated its capital base by coming out with Initial Public Offerings of Equity Shares in the year 2010. Company is listed on both the premier stock exchanges viz. Bombay Stock Exchange Limited and National Stock Exchange of India Limited. The Company is engaged in manufacturing of Steel and Steel products and having its manufacturing unit at GIDA, Sahajanwa, Dist Gorakhpur in the State of Uttar Pradesh.

Authorization of financial statements

The Standalone Financial Statements were authorized for issue in accordance with a resolution passed in Board of Directors meeting held on 29th April 2019.

Note -02 Significant Accounting Policies

1 Basis of measurement

The standalone financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Act (as amended from time to time).

These financial statement have been prepared on accrual basis of accounting using historical cost convention except certain financial assets, financial liabilities and share based payment measured at fair value.

2 Functional and presentation currency

The functional currency and presentation currency of the Company is Indian Rupee ("₹") which is the currency of the primary economic environment in which the Company operate. All amounts have been rounded to the nearest lakhs, unless otherwise indicated.

3 Key estimates and assumptions

The preparation of separate financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the separate financial statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the notes.

4 Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

5 Property, Plant and Equipment (PPE)

Land, Buildings, Plant and Equipment, Furniture and Fixtures and Vehicles held for use in the production or supply of goods or services, or for administrative

Notes to the Financial Statements as at and for the year ended 31st March, 2019

purposes are stated at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated. Cost includes purchase cost of materials, including import duties and non-refundable taxes, any directly attributable costs of bringing an asset to the location and condition of its intended use and borrowing costs capitalised in accordance with the Company's accounting policy.

Properties in the course of construction for production or supply of goods or services or for administrative purposes are carried at cost, less any recognised impairment losses

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over the useful lives, using the straight-line method. Depreciation of assets commences when the assets are ready for their intended use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes is accounted as change in estimate on a prospective basis.

Estimated useful lives of the assets are as follows:

Buildings	15 to 60 years
Plant and equipment	10 to 40 years
Furniture and Fixtures	10 years
Office Equipments	5 years
Electrical Installations	10 Years
Computers	3 years
Two Wheelers	10 years
Motor Vehicles & Commercial Vehicles	8 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is recognised in profit and loss.

The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date. Further the company has regrouped the classifications of assets wherever required.

6 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment (if any) losses. Amortisation is recognised at straight-line basis over their estimated useful lives. The estimated useful life

and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

An intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of intangible assets is recognised in profit and loss.

The Company has elected to continue with the carrying value of all of its intangible assets recognised as of April 1, 2016 measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

7 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets (Other than goodwill) to determine whether there is any indication that those assets have suffered any impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset or cash generating unit is estimated to be less than the carrying amount, the carrying amount of the asset or cash generating unit is reduced to its recoverable amount. An impairment loss is recognised immediately in profit and loss.

When an impairment loss subsequently reverses, the carrying value of the asset or cash generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or cash generating unit in prior years. Any reversal of

Notes to the Financial Statements as at and for the year ended 31st March, 2019

an impairment loss is recognised immediately in profit and loss.

8 Investments in Subsidiaries and Associates

Investments in subsidiaries and associates are carried at cost less accumulated impairment losses, if any. Cost includes the purchase price and other costs directly attributable to the acquisition of investments. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and associates, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

Upon first-time adoption of Ind AS, the Company has elected to measure its investments in subsidiaries and associates at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., April 01, 2016.

9 Inventories

Raw materials, work-in-progress and finished products are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes purchase price, non refundable taxes and duties and other directly attributable costs incurred in bringing the goods to the point of sale. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

Stores and spares are valued at cost comprising of purchase price, non refundable taxes and duties and other directly attributable costs after providing for obsolescence and other losses, where considered necessary.

Value of inventories are generally ascertained on the "FIFO (First in First out)" basis.

10 Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, bank balances and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

11 Financial Assets

i Initial recognition and measurement

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

ii Subsequent Measurement

Financial assets are subsequently / classified and measured at

a- amortised cost

b- fair value through profit and loss (FVTPL)

c- fair value through other comprehensive income (FVOCI)

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

iii Trade Receivables and Loans

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

iv Debt Instruments

(a) Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the Company's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(b) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

(c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'Other Income' in the Statement of Profit and Loss.

Notes to the Financial Statements as at and for the year ended 31st March, 2019

v Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

vi Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

vii Impairment of Financial asset

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

12 Financial Liabilities

i Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and

subsequently, these liabilities are held at amortised cost, using the effective interest method.

ii Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iii Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

13 Offsetting of Financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

14 Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

15 Provisions and Contingent Liabilities

Provisions are recognized when the Company has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as

Notes to the Financial Statements as at and for the year ended 31st March, 2019

finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase orders (net of advance) issued to parties for acquisition of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

16 Revenue recognition

i) Revenue from contracts with customer:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer. The Company assesses promises in the contract to identify separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the amount of consideration to which the Company expects to be entitled in exchange of goods. The transaction price includes Excise Duty, however it excludes amount collected on behalf of third parties such as Goods and Service Tax (GST), Value Added Tax (VAT) etc. which the Company collects on behalf of the government.

In determining the transaction price, the Company estimates the variable consideration to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The Company recognises revenue from each distinct good or service over time if the customer simultaneously receives and consumes the benefits provided by the Company's performance as it performs. Revenue from transmission of gas through pipeline is recognized over the period in which the related services are performed. Customers are billed on fortnightly basis.

ii) Sale of goods

Sales are recognised when goods are supplied and

significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods.

iii) Dividend and Interest income

Dividend income is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and amount of income can be measured reliably.

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition.

iv) Insurance Claims

Insurance claims are accounted for on acceptance and when there is a reasonable certainty of receiving the same, on ground of prudence.

17 Foreign Currencies Transactions

The financial statements of the Company are presented in Indian Rupee (INR), which is Company's functional and presentation currency.

Transactions in currencies other than entity's functional currency (foreign currency) are recorded at the rates of exchange prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies (other than derivative contracts) remaining unsettled at the end of the each reporting period are remeasured at the rates of exchange prevailing at that date. Non-monetary items carried at fair value that at denominated in foreign currency are retranslated at the rate prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange difference on monetary items are recognised in profit and loss in the period.

18 Borrowing costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as

Notes to the Financial Statements as at and for the year ended 31st March, 2019

part of the cost of that asset till the date it is put to use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

19 Employee Benefits

i) Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

ii) Post Employment Benefit

(a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Statement of Profit and Loss as they fall due.

(b) Defined Benefit Plans

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss.

20 Taxes on Income

i) Current tax

Current tax is payable based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Standalone statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

ii) Deferred tax

Deferred tax is the tax expected to be payable or recoverable on temporary differences between the carrying value of assets and liabilities in

the Standalone financial statements and the corresponding tax bases used in the computation of taxable profits and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are only recognised on deductible temporary differences to the extent that is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights too set off current tax assets and current tax liabilities within that jurisdiction.

iii) Minimum alternate tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is recognised as a deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the Company will pay normal income tax during the specified period and it is probable that future economic benefit associated with it will flow to the Company.

iv) Current and deferred tax are recognised in profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

21 Earning Per Share

Basic Earnings per share is calculated by dividing the net profit / (loss) for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit / (loss) for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

36 Capital management

The Company manages its capital to ensure that entities will be able to continue as going concerns while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Capital structure of the Company consists of net debt (borrowings as detailed in notes [16] and [19] offset by cash and bank balances) and the total equity of the Company.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, long term-term borrowings, short-term borrowings, less cash and short-term deposits.

Gearing Ratio

The gearing ratio at end of the reporting period was as follows

	As at 31.03.2019	As at 31.03.2018
Debt		
Current borrowings	12,565.58	11,794.91

37 Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings and trade and other payables. The Company's principal financial assets include loans, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Company also holds FVTOCI investments and enter into derivative transactions. The Company is exposed to market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

Notes to the Financial Statements as at and for the year ended 31st March, 2019

(₹ in lacs)

The Company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risks, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments. The Company does not enter into or trade financial instruments including derivative financial instruments, for speculative purposes.

37.01 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company enters into derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk.

Foreign currency risk management

The Company is exposed to currency risk on account of its borrowings, Receivables for Exports and Payables for Imports in foreign currency. The functional currency of the Company is Indian Rupee. The Company manages currency exposures within prescribed limits, through use of forward exchange contracts. Foreign exchange transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point in time.

Exposure to currency Risk

The currency profile of financial liabilities as at Balance Sheet dates are as below:

	Currency	As at 31.03.2019	As at 31.03.2018
Financial Liabilities			
Hedged			
Trade Payable	USD	-	-
	INR	-	-
Unhedged			
Trade Payable	USD	1.80	65.29
	INR	125.66	4,252.90

Interest rate risk management

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the company's short-term debt obligations with floating interest rates.

Interest rate sensitivity analysis

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

37.02 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company monitors each loans and advances given and makes any specific provision wherever required.

Based on prior experience and an assessment of the current economic environment, Management believes there is no credit risk provision required. Also Company does not have any significant concentration of credit risk.

37.03 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from debt markets through loan from banks and other Debt instrument. The Company invests its surplus funds in bank fixed deposits.

39 Fair value measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, working capital loan from banks approximate their carrying amounts largely due to the short term maturities of these instruments.

Financial instruments other than above are carried at amortised cost except certain assets which are carried at fair value.

The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique

Level -1 : Quoted prices in active markets for identical assets or liabilities

Level -2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable

Level -3 : Techniques using inputs having significant effect on the recorded fair value that are not based on observable market data.

As at March 31, 2019 and March 31, 2018, there are no outstanding dues to Micro, Small and Medium Enterprises. There is no interest due or outstanding on the same. During the year ended March 31, 2019 amount due to the Micro, Small and Medium Enterprises was paid within the appointed day as defined in the Micro, Small and Medium Enterprises Development Act, 2006.

- 45** As per incentive scheme of State Government of Uttar Pradesh vide Government Order No. 1502/77-6-2006-10 tax/04 dated 1st June 2006 and which have been elaborated in Government Order No. 2941/77-6-2006-10 tax/04 dated 30th November 2006 and amended from time to time, the company is eligible for Interest free loan equivalent to the amount of VAT, CST & SGST liability for 15 years and which shall be re-payable after 15 year. The company has claimed ₹ 10,828.03 lacs up to 30th June 2017 on account of Interest Free Loan from State Government of Uttar Pradesh. Out of total claim of ₹ 10,828.03 lacs, ₹ 9,255.64 lacs has not been deposited to Commercial Tax department in accordance with order of Hon'ble High Court of Allahabad in writ petition no. 8886/2011, and order in writ petition no. 21103 dated 22.03.2018. However, ₹ 1,572.39 Lacs have already been deposited upto August, 2011.

Further as the GST act has replaced the VAT and CST w.e.f. 01.07.2017, Company has paid total amount of ₹ 8,426.75 Lacs as SGST to the State Government account, out of this an amount of ₹ 3,194.85 Lacs (previous year ₹ 1,049.54 Lacs) has been considered on taxable turnover of old unit which is eligible for interest free loan. Balance amount of SGST ₹ 5,231.90 Lacs has been considered on taxable turnover of expansion. Company has worked out the taxable turnover and interest free loan from the old unit as per the provision of GO no. 2941 dated 30.11.2006 & GO no. 2052 dated 02.11.2016 under Industrial Promotional Scheme 2006 & 2012 of the State Government of Uttar Pradesh. Therefore, the total amount refundable as interest free loan is ₹ 4,244.39 Lacs (upto previous year ₹ 1,049.54 Lacs).

- 46** As per incentive scheme of State Government of Uttar Pradesh vide Government Order No. 1502/77-6-2006-10 tax/04 dated 1st June 2006 and which have been elaborated in Government Order No. 2941/77-6-2006-10 tax/04 dated 30th November 2006 and amended from time to time, the company is eligible for incentives i.e. Capital investment subsidy @ 20% of fixed capital investment, infrastructure subsidy @ 10% of total fixed capital investment and 5% additional capital subsidy being the first unit in Purvanchal region. Company has claimed for ₹ 12,262.00 lacs against the capital investment made upto 31st May 2012. The incentive received of ₹ 2,428.00 Lacs has been credited in fixed assets in the ratio of capital investment made. No provision has been made for the unrealized claim of ₹ 9,834.00 lacs in the books.

- 47** As per incentive scheme of State Government of Uttar Pradesh vide Government Order No. 1502/77-6-2006-10 tax/04 dated 01st June 2006 and which have been elaborated in Government Order No. 2941/77-6-2006-10 tax/04 dated 30th November 2006 and amended from time to time the company is eligible for incentives including freight subsidy on Iron Ore equivalent to the freight paid to Railway and local handling expenses upto maximum of 5% of the railway freight. The total amount of freight subsidy is restricted to 65% of the total capital investment under the scheme that comes ₹ 22,775.00 Lacs. Since company has already claimed ₹ 22,775.00 lacs till March 2018 as such no amount is available to be claimed as freight subsidy during the year and onward.

- 48** During the financial year 2017-18 company has started commercial production w.e.f 01.12.2017 from its new expansion project at GIDA Sahjanwa, which has been established under Industrial Development Policy 2012 of State Government of Uttar Pradesh, which provides refund of 80% of the SGST amount deposited in State Government account. Independent Auditor's Report on Consolidated Financial Statements

TO THE MEMBERS OF

GALLANTT ISPAT LIMITED

Report on the consolidated Ind AS financial statements

Opinion

We have audited the accompanying consolidated IND AS financial statements of **GALLANTT ISPAT LIMITED** ('The Company') and its associates (together referred to as "the Group") which comprise the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated Statement of Cash Flows for the year ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements"), which we have signed under reference to this report.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the financial year ended 31st March, 2019. These matters were addressed in the context of our audit of

the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Consolidated Ind AS Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and those charged with governance for the consolidated financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which

Independent Auditor's Report on Consolidated Financial Statements

have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's

use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

We did not audit the financial results/statements and other financial information of one associate company included in the consolidated annual financial results, whose financial statements reflect for the year ended 31st March, 2019:

These annual financial statements and other financial information have been audited by other auditors whose reports have been furnished to us, and our opinion on the annual consolidated Ind AS financial results, to the extent they have been derived from such annual financial statements of associates is based solely on the report of such other auditors. Our opinion is not modified in respect of these matters.

Report on other legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of consolidated financial statements.
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
 - e) On the basis of the written representations received from the directors of the Company as on March 31, 2019 taken on record by the Board of Directors of the Company and its subsidiaries incorporated in India and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate report in "Annexure A" which is

based on the auditor's reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.

- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act

BOARD AND MANAGEMENT REPORTS

STANDALONE FINANCIAL REPORTS

CONSOLIDATED FINANCIAL REPORTS

Annexure A to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated IND AS financial statements of the Company as of and for the year ended 31 March 2019, we have audited the internal financial controls over financial reporting of **GALLANTT ISPAT LIMITED** ('the Company') and its associate companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Company its associate companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that

a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of the Management and directors of the Company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company, its associate companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such

internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so

far as it relates to one associate which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2019

Note -01 Corporate information

Gallantt Ispat Limited ('the Company' / 'GIL'), incorporated in the year 2005, is engaged in the business of Iron & Steel, Agro, Power and Real Estate. The Company was promoted by M/s. Gallantt Metal Limited, Mr. Chandra Prakash Agrawal, Mr. Prem Prakash Agrawal, Mr. Nitin Mahavir Prasad Kandoi and M/s. Chandra Prakash Agrawal & Sons (HUF). Company floated its capital base by coming out with Initial Public Offerings of Equity Shares in the year 2010. Company is listed on both the premier stock exchanges viz. Bombay Stock Exchange Limited and National Stock Exchange of India Limited. The Company is engaged in manufacturing of Steel and Steel products and having its manufacturing unit at GIDA, Sahajanwa, Dist Gorakhpur in the State of Uttar Pradesh.

Authorization of financial statements

The Consolidated Financial Statements were authorized for issue in accordance with a resolution passed in Board of Directors meeting held on 29th April 2019.

Note -02 Significant Accounting Policies

1 Basis of measurement

The Consolidated financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Act (as amended from time to time).

These financial statement have been prepared on accrual basis of accounting using historical cost convention except certain financial assets, financial liabilities and share based payment measured at fair value.

2 Functional and presentation currency

The functional currency and presentation currency of the Company is Indian Rupee ("₹") which is the currency of the primary economic environment in which the Company operate. All amounts have been rounded to the nearest lakhs, unless otherwise indicated.

3 Key estimates and assumptions

The preparation of separate financial statements in conformity with the recognition and measurement principles of Ind AS requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures relating to contingent liabilities as at the date of the separate financial

statements and the reported amounts of income and expense for the periods presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

In particular, information about significant areas of estimation uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the financial statements are included in the notes.

4 Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2019

5 Property, Plant and Equipment (PPE)

Land, Buildings, Plant and Equipment, Furniture and Fixtures and Vehicles held for use in the production or supply of goods or services, or for administrative purposes are stated at cost less accumulated depreciation and accumulated impairment losses. Freehold land is not depreciated. Cost includes purchase cost of materials, including import duties and non-refundable taxes, any directly attributable costs of bringing an asset to the location and condition of its intended use and borrowing costs capitalised in accordance with the Company's accounting policy.

Properties in the course of construction for production or supply of goods or services or for administrative purposes are carried at cost, less any recognised impairment losses

Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over the useful lives, using the straight-line method. Depreciation of assets commences when the assets are ready for their intended use. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes is accounted as change in estimate on a prospective basis.

Estimated useful lives of the assets are as follows:

Buildings	15 to 60 years
Plant and equipment	10 to 40 years
Furniture and Fixtures	10 years
Office Equipments	5 years
Electrical Installations	10 Years
Computers	3 years
Two Wheelers	10 years
Motor Vehicles & Commercial	8 years

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is recognised in profit and loss.

The Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as of April 1, 2016 measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date. Further the company has regrouped the

classifications of assets wherever required.

6 Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment (if any) losses. Amortisation is recognised at straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

An intangible asset is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of intangible assets is recognised in profit and loss.

The Company has elected to continue with the carrying value of all of its intangible assets recognised as of April 1, 2016 measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

7 Impairment of tangible and intangible assets other than goodwill

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets (Other than goodwill) to determine whether there is any indication that those assets have suffered any impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset or cash generating unit is estimated to be less than the carrying amount, the carrying amount of the asset or cash generating unit is reduced to its recoverable

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2019

amount. An impairment loss is recognised immediately in profit and loss.

When an impairment loss subsequently reverses, the carrying value of the asset or cash generating unit is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or cash generating unit in prior years. Any reversal of an impairment loss is recognised immediately in profit and loss.

8 Investments in Subsidiaries and Associates

Investments in subsidiaries and associates are carried at cost less accumulated impairment losses, if any. Cost includes the purchase price and other costs directly attributable to the acquisition of investments. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries and associates, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

Upon first-time adoption of Ind AS, the Company has elected to measure its investments in subsidiaries and associates at the Previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS i.e., April 01, 2016.

9 Inventories

Raw materials, work-in-progress and finished products are valued at lower of cost and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes purchase price, non refundable taxes and duties and other directly attributable costs incurred in bringing the goods to the point of sale. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, excise duty.

Stores and spares are valued at cost comprising of purchase price, non refundable taxes and duties and other directly attributable costs after providing for obsolescence and other losses, where considered necessary.

Value of inventories are generally ascertained on the "FIFO (First in First out)" basis.

10 Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, bank balances and short-term deposits with an original maturity of three months or less, which are subject to an insignificant

risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

11 Financial Assets

i Initial recognition and measurement

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the statement of profit and loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

ii Subsequent Measurement

Financial assets are subsequently / classified and measured at

a- amortised cost

b- fair value through profit and loss (FVTPL)

c- fair value through other comprehensive income (FVOCI)

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

iii Trade Receivables and Loans

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

iv Debt Instruments

(a) Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the Company's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

(b) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2019

measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

(c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'Other Income' in the Statement of Profit and Loss.

v Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Statement of Profit and Loss.

vi Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

vii Impairment of Financial asset

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at

an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

12 Financial Liabilities

i Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

ii Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iii Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

13 Offsetting of Financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

14 Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2019

15 Provisions and Contingent Liabilities

Provisions are recognized when the Company has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Commitments includes the amount of purchase orders (net of advance) issued to parties for acquisition of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

16 Revenue recognition

i) Revenue from contracts with customer:

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer. The Company assesses promises in the contract to identify separate performance obligations to which a portion of transaction price is allocated.

Revenue is measured based on the amount of consideration to which the Company expects to be entitled in exchange of goods. The transaction price includes Excise Duty, however it excludes amount collected on behalf of third parties such as Goods and Service Tax (GST), Value Added Tax (VAT) etc. which the Company collects on behalf of the government.

In determining the transaction price, the Company estimates the variable consideration to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

The Company recognises revenue from each distinct good or service over time if the customer simultaneously receives and consumes the benefits provided by the Company's performance as it performs. Revenue from transmission of gas through pipeline is recognized over the period in which the related services are performed. Customers are billed on fortnightly basis.

Sale of goods

Sales are recognised when goods are supplied and significant risks and rewards of ownership in the goods are transferred to the buyer as per the terms of contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of the goods.

ii) Dividend and Interest income

Dividend income is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the asset's net carrying amount on initial recognition.

iii) Insurance Claims

Insurance claims are accounted for on acceptance and when there is a reasonable certainty of receiving the same, on ground of prudence.

17 Foreign Currencies Transactions

The financial statements of the Company are presented in Indian Rupee (INR), which is Company's functional and presentation currency.

Transactions in currencies other than entity's functional currency (foreign currency) are recorded at the rates of exchange prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currencies (other than

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2019

derivative contracts) remaining unsettled at the end of the each reporting period are remeasured at the rates of exchange prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currency are retranslated at the rate prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated. Exchange difference on monetary items are recognised in profit and loss in the period.

18 Borrowing costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is put to use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

19 Employee Benefits

i) Short-term benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

ii) Post Employment Benefit

(a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Statement of Profit and Loss as they fall due.

(b) Defined Benefit Plans

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in

Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss.

20 Taxes on Income

i) Current tax

Current tax is payable based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Standalone statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

ii) Deferred tax

Deferred tax is the tax expected to be payable or recoverable on temporary differences between the carrying value of assets and liabilities in the Standalone financial statements and the corresponding tax bases used in the computation of taxable profits and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are only recognised on deductible temporary differences to the extent that is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights too set off current tax assets and current tax liabilities within that jurisdiction.

iii) Minimum alternate tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2019

tax liability, is recognised as a deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the Company will pay normal income tax during the specified period and it is probable that future economic benefit associated with it will flow to the Company.

Current and deferred tax are recognised in profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

21 Earning Per Share

Basic Earnings per share is calculated by dividing the net profit / (loss) for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit / (loss) for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

36 Capital management

The Company manages its capital to ensure that entities will be able to continue as going concerns while maximising the return to stakeholders through the optimisation of the debt and equity balance. The Capital structure of the Company consists of net debt (borrowings as detailed in notes [16] and [19] offset by cash and bank balances) and the total equity of the Company.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, long term-term borrowings, short-term borrowings, less cash and short-term deposits.

37 Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings and trade and other payables. The Company's principal financial assets include loans, trade and other receivables, and cash and short-term deposits that derive directly from its operations. The Company also holds FVTOCI investments and enter into derivative transactions. The Company is exposed to market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using derivative financial instruments to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risks, interest rate risk, credit risk, the use of financial derivatives and non-derivative financial instruments. The Company does not enter into or trade financial instruments including derivative financial instruments, for speculative purposes.

37.01 Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company enters into derivative financial instruments to manage its exposure to foreign currency risk and interest rate risk.

Foreign currency risk management

The Company is exposed to currency risk on account of its borrowings, Receivables for Exports and Payables for Imports in foreign currency. The functional currency of the Company is Indian Rupee. The Company manages currency exposures within prescribed limits, through use of forward exchange contracts. Foreign exchange transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point in time.

Interest rate risk management

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the company's short-term debt obligations with floating interest rates.

Interest rate sensitivity analysis

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

37.02 Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company monitors each loans and advances given and makes any specific provision wherever required.

Notes to the Consolidated Financial Statements as at and for the year ended 31st March, 2019

(₹ in lacs)

Based on prior experience and an assessment of the current economic environment, Management believes there is no credit risk provision required. Also Company does not have any significant concentration of credit risk.

The ageing of trade receivables that were not impaired was as follows:

Particulars	As at 31.03.2019	As at 31.03.2018
More than Six months	337.48	350.03
Others	7,525.77	4,838.36
	7,863.26	5,188.39

37.03 Liquidity Risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from debt markets through loan from banks and other Debt instrument. The Company invests its surplus funds in bank fixed deposits.

39 Fair value measurements

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

Fair value of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, working capital loan from banks approximate their carrying amounts largely due to the short term maturities of these instruments.

Financial instruments other than above are carried at amortised cost except certain assets which are carried at fair value.

The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique

Level -1 : Quoted prices in active markets for identical assets or liabilities

Level -2 : Other techniques for which all inputs which have a significant effect on the recorded fair value are observable

Level -3 : Techniques using inputs having significant effect on the recorded fair value that are not based on observable market data.

43 Balances under Trade receivables, Trade Payables, Loans and Advances payable or receivable are subject to confirmation to be received from some of the parties.

44 Disclosure as per Section 22 of the Micro, Small and Medium Enterprises Development Act, 2006

We have received few intimation from suppliers regarding the status under the Micro, Small and Medium Enterprises Development Act, 2006. As at March 31, 2019 and March 31, 2018, there are no outstanding dues to Micro, Small and Medium Enterprises. There is no interest due or outstanding on the same. During the year ended March 31, 2019 amount due to the Micro, Small and Medium Enterprises was paid within the appointed day as defined in the Micro, Small and Medium Enterprises Development Act, 2006.

45 As per incentive scheme of State Government of Uttar Pradesh vide Government Order No. 1502/77-6-2006-10 tax/04 dated 1st June 2006 and which have been elaborated in Government Order No. 2941/77-6-2006-10 tax/04 dated 30th November 2006 and amended from time to time, the company is eligible for Interest free loan equivalent to the amount of VAT, CST & SGST liability for 15 years and which shall be re-payable after 15 years. The company has claimed Rs. 10,828.03 lacs up to 30th June 2017 on account of Interest Free Loan from State Government of Uttar Pradesh. Out of total claim of ₹ 10,828.03 lacs, ₹ 9,255.64 lacs has not been deposited to Commercial Tax department in accordance with order of Hon'ble High Court of Allahabad in writ petition no. 8886/2011, and order in writ petition no. 21103 dated 22.03.2018. However, ₹ 1,572.39 Lacs have already been deposited upto August, 2011.

Further as the GST act has replaced the VAT and CST w.e.f. 01.07.2017, Company has paid total amount of ₹ 8,426.75 Lacs as SGST to the State Government account, out of this an amount of ₹ 3,194.85 Lacs (previous year ₹ 1,049.54 Lacs) has been considered on taxable turnover of old unit which is eligible for interest free loan. Balance amount of SGST ₹ 5,231.90 Lacs has been considered on taxable turnover of expansion. Company has worked out the taxable turnover and interest free loan from the old unit as per the provision of GO no. 2941 dated 30.11.2006 & GO no. 2052 dated 02.11.2016 under Industrial Promotional Scheme 2006 & 2012 of the State Government of Uttar Pradesh. Therefore, the total amount refundable as interest free loan is ₹ 4,244.39 Lacs (upto previous year ₹1,049.54 Lacs).

46 As per incentive scheme of State Government of Uttar Pradesh vide Government Order No. 1502/77-6-2006-10 tax/04 dated 1st June 2006 and which have been elaborated in Government Order No. 2941/77-6-2006-10 tax/04 dated 30th November 2006 and amended from time to time, the company is eligible for incentives i.e. Capital investment subsidy @ 20% of fixed capital investment, infrastructure subsidy @ 10% of total fixed capital investment and 5% additional capital subsidy being the first unit in Purvanchal region. Company has claimed for ₹ 12,262.00 lacs against the capital investment made upto 31st May 2012. The incentive received of ₹ 2,428.00 Lacs has been credited in fixed assets in the ratio of capital investment made. No provision has been made for the unrealized claim of ₹ 9,834.00 lacs in the books.

47 As per incentive scheme of State Government of Uttar Pradesh vide Government Order No. 1502/77-6-2006-10 tax/04 dated 01st June 2006 and which have been elaborated in Government Order No. 2941/77-6-2006-10 tax/04 dated 30th November 2006 and amended from time to time the company is eligible for incentives including freight subsidy on Iron Ore equivalent to the freight paid to Railway and local handling expenses upto maximum of 5% of the railway freight. The total amount of freight subsidy is restricted to 65% of the total capital investment under the scheme that comes ₹ 22,775.00 Lacs. Since company has already claimed ₹ 22,775.00 lacs till March 2018 as such no amount is available to be claimed as freight subsidy during the year and onward.

48 During the financial year 2017-18 company has started commercial production w.e.f 01.12.2017 from its new expansion project at GIDA Sahjanwa, which has been established under Industrial Development Policy 2012 of State Government of Uttar Pradesh, which provides refund of 80% of the SGST amount deposited in State Government account. A total amount of ₹ 8,426.75 Lacs has been paid as SGST during the year (in previous year from 1st December 2017 to March 31, 2018 ₹ 1,931.61 Lacs has been paid) . Out of this amount ₹ 3,194.85 Lacs is considered on taxable turnover from the old unit and balance ₹ 5,231.90 Lacs is considered on taxable turnover of expansion. As per Scheme Company is entitled for refund of 80% of the amount deposited as SGST which comes at ₹ 4,185.52 Lacs for the period (₹ 705.65 Lacs for the previous year). Since our application is not yet processed and accepted by the appropriate authorities of State Government of Uttar Pradesh till date as such these amounts has not been recognised as income in the books of account.
